MASTER CATALOGUE

The Art of Fascination

RECOGNISED BRAND

CONSUMER & PRODUCT SURVEY BY IBRANDS

WORLD CONSULTING & RESEARCH CORPORATION
ASIA'S MOST PROMISING BRAND
VALIDATED BY CONSUMERS & INDUSTRY

SIMPOLO Sanitary are a collection of thoughtfully designed fittings to suit the luxurious ease of contemporary lifestyle. In sync with all the stipulated norms makes us a brand to trust. The beautifully sculpted designs, a visual delight. Technology, research and aesthetics combined to create offerings that are positive for the environment. Come home to advanced living.

CHAIRMAN'S WORD

"Ceramics is one man made material which has a potential to contribute hugely in our quest to save this earth. Howsoever lofty and boastful it may sound, it is true."

Dear Customer,

My Greetings and welcome to the World of SIMPOLO where "Quality" is a religion.

Ceramics is one man made material which has a potential to contribute hugely in our quest to save this earth. Howsoever lofty and boastful it may sound, it is true.

Out of the three basic needs of humans Food, Clothing and Housing, it is house building activity alone which depletes and damages the environment most. Two most important components that are used in finishing a house come either through Tree felling or through Mining for stones both hurt the environment hugely.

Modern Ceramic technology has played a big Role in making ceramic material a credible alternative to stones and wood and other surface covering materials, I am proud to say that SIMPOLO with it's World class R&D and Laboratories has been in forefront in last decade to cooperate with the World's best to bring latest in manufacturing machines and practices to offer innovative, New age Sanitaryware at affordable prices to you.

In this catalogue we showcase our "Sanitaryware" range of products. SIMPOLO's unique craftsmanship is so outstanding that they can inspire the design principles of not just your bath spaces but your entire living spaces.

Over the decade SIMPOLO has brought constant innovation in it's product range which has led us to reach a wide product range which has become the first choice of every Earth Loving Architect, Builder and Individuals.

Come and explore, Surely, we have the right solutions you are looking for.

Thank you.

Ajay Jitendra T.

Jitendra T. Aghara
Chairman & Managing Director
Simpolo Group

THE SIMPOLO PHILOSOPHY

Since the first steps were taken in the year 1991, SIMPOLO Ceramics has carved its niche as a consistently growing organisation with unparalleled innovation and passion rooted in simplicity. We endure gratification for every experience that we offer, created to share something truly meaningful. It may not resonate with the majority, but that is what takes us a class apart .

CORE VALUE

INNOVATION
is a state of mind.

QUALITY
begets excellence.

INTEGRITY
makes us who we are.

A GLOBAL OUTLOOK
breaks all boundaries.

TEAM WORK
can build empires.

JOURNEY OF SIMPOLO SANITARY WARE

1991

Entered in sanitaryware category with a 400 unit per day production plant

6 REASONS TO CHOOSE SIMPOLO

1

2

3

Technology

SIMPOLO has brought the spirit of innovation to the bathroom - a recipe for success that has made it leading supplier of ceramic sanitary ware. Now, SIMPOLO is set to use state of the art technology to make everyday life more comfortable and convenient.

4

5

6

Well-being

Since time immemorial, modern bathroom culture has represented the epitome of cleanliness and well-being. Above all, every SIMPOLO bathroom provides not only convenience & functionality, but also a heaven for relaxation. It is for this reason that SIMPOLO brings together oriental bathroom culture with Western engineering.

Comfort

Comfort will play an essential role in the bathrooms of tomorrow. That's because anyone who values first-class design attaches the same importance to other aspects of their bathroom. SIMPOLO has developed the perfect solutions to meet these existing requirements, bringing you the very best that modern bathroom culture has to offer.

Innovative Design

The design plans are sketched out in a way that they stay true to the modern-day decor. They will blend into your spaces with a flair of familiarity. The sanitaryware is fashioned in a manner that will acclimate into all kinds of interior decoration style environments. There will be no bargain on quality and look of the creation.

Purity

The bathing ceremony has always been an element of modern culture. Cleanliness and hygiene are an integral part of everyday life in modern living, where spiritual and physical purity go hand-in-hand. One cannot exist without the other. This is also one of SIMPOLO's main principles.

A VERSATILE
CERAMIC
RANGE WITH
STYLISH
CONTEMPORARY
CURVES.

SOFT WHITE

IVORY

P. IVORY

Simpolo has achieved the coveted stamp of quality, the ISI mark for eight of its sanitaryware products - the highest in the SSI sector.

Dual Flush technology provides with the option of 2 ltrs. or 7 ltrs. flushing volume which in turn helps save water

Soft Seat Cover

* All Marble, Metallic Silver & Gold Coloured Wash basin Do not Have any Guarantee for its Colour.

* Colours, Sizes & Photographs shown in catalogue are for indicative purpose & may differ from original colours, sizes & photographs of ceramics. For True selection please refer to actual piece.

Instructions

WALL HUNG BASIN

Fixing : the rag should be first grouted into the wall using cement / concrete, (as shown) as per the distance between slots provided in the wash basin. The bolts should be fixed perpendicular to the wall. Allow cement / concrete to set. Check if the Rag bolts are firmly fixed. Fix the Wash Basin in the bolts using Nuts & Washer.

CONCEALED WALL HUNG

- If the wall is going to be plastered for a thickness of 12mm and a tile thickness of 6-7mm, the projection of the bolts from the finished wall should be 66mm only.
- If the thickness of plastering and tile is less than the dimensions mentioned above, the bolt that are supplied along with the bracket should be moved into the wall by using a suitable spacer washer between the bolt head and the bracket frame.
- The bracket should be buried into the floor so that the height from the center line of the bolt to the surface to the finished floor is 320mm.

WALL MOUNTED COUPLE CLOSET

COUNTER WASH BASIN

(A) Before You Begin

- Due to typical nature of the installation, under counter basin should be installed by trained and experienced installers.
- Inspect the waste and supply tubing if necessary.
- Install the basin in such a way, that it's removal in future can be done freely and without damage.
- Prior to installation unpack the new basin and inspect it for damage. Keep the product to its protective carton until it is ready to be installed.
- Observe all local plumbing and building codes.

(B) Tools and Materials

- Sealant, Pencil, Measure Tape, Sharp knife or scissors, Keyhole or saber saw, Drill (1/2 dia, drill bit or larger) glasses, Haer, Rage or paper toweling.

NOTE: You may require different, more specialized tools to install this basin on counter top materials other than wood or wood components.

(C) Install the Basin

- Check the desired lavatory location for clearance between the back splash, faucet, fixture and cabinet.
- Cut out the template.
- Carefully position and trace the template on the counter top as directed on the templates.
- Mark the faucet hole centerline on the counter top.
- Drill a 1/2" pilot hole on the inside of the cut line.
- Cut out the counter top opening with a saber or keyhole saw.

NOTE: Install the basin in such a way that it's removal in future can be done freely and without damage.

Tips for Maintenance

The sanitarywares from SIMPOLO have a smooth, impermeable and practically scratch-resistant surface, which is resistant to most of the acids and alkalis mainly encountered in the home. For daily care, you will usually only need water and damp cloth. Tidemarks, grease and soap residues can be removed quickly and easily with a vinegar-based or bathroom cleaner. Like any other part of your house, the bathroom can be made to look great and made to last if it is taken care of regularly. Here are some simple tips that can help you keep your bathroom glittering and fresh everyday.

WASH BASINS

The wash basin needs to be washed with a mild detergent at least once a day. After washing, the basin must be wiped with a dry cloth to avoid water stains, especially on dark colours. Wash basins not cleaned for along time can accumulate stains. To remove the stains, diluted hydrochloric acid may be used.

CLOSETS

Use a plastic bristled brush with a plastic handle to scrub the EWC with a cleanser, at least once a day. After flushing the EWC, clean it with the brush to avoid minute discoloring. If there has been no maintenance over a long period of time, water deposits and discoloration are formed on the surface of areas that get wet. In such cases, these stains/marks can be removed with the help of diluted hydrochloric acid. Do not use powder paste, thinner or dry cleaning liquids. To remove fine scratches, use Brasso or car rubbing compound and then polish with a polish cloth.

INTERNAL FITTING OF CISTERNS

Accumulation of dust/small piece stones/sand coming through pipeline in the water on inlet and outlet rubber diaphragms may result in leakage of water. In case of such malfunctioning, all you have to do is open inlet/outlet valve and clean the diaphragms or replace them. Use only genuine spares parts.
